

JAPANESE GARDEN JUNIPER

鋪地柏

“The best spring begins when orioles start to sing, a warm embrace, attuned to the drizzling rain.”

「鶯初解語，最是一年春好處。
微雨如酥，草色遙看近卻無。」

Su Shi, “The Best Spring Begins When Orioles Start to Sing”
蘇軾《減字木蘭花·鶯初解語》

Botanical Name:
Juniperus procumbens
Sarg.

Family | Genus:
Cupressaceae | *Juniperus*

Location in TSM:
Whole Monastery

Since the seeds of Japanese Garden Juniper are scarce, grafting is often a technique for propagation. Japanese Garden Juniper is often styled as a bonsai.
