

MOCK LIME

米仔蘭

Botanical Name:

Aglaia odorata

Family | Genus:

Rutaceae | Murraya

Location in TSM:

Contentment Garden,
Tsz Shan Gate

Mock Lime is a common hedging plant for screening, because it remains evergreen and blooms year-round. Its flowers give off a pleasant fragrance. It is known for clusters of small yellow flowers and glossy leaves.

“Birds by nature took delight in mountain scenes, In the pond, a mind cleansed by the waters a lucid reflection made.”

「山光悅鳥性，潭影空人心。」
